When we made out, when we made out.
On the Front Porch, a kiss on your mouth.
Take a long walk back to your house
Mess around on your pretty white couch.
All I want is you.

Back in the day we were celebrating the moon dive
They keep on going.
Back in the day we had it made
And that's when I ran into you.

At the ocean, so happy you cried
I see it all when I look in your eyes.
You fill a void, a place in my life.
I want you so bad, your making me high.
All I want is you

Back in the day we were celebrating the moon dive
They keep on going.
Back in the day we had it made
And that's when I ran into you.

Ya know I'm really excited about this thing we got going
now. Ya know really excited about this this we got now.

Back in the day we were celebrating the moon dive
They keep on going.
Back in the day we had it made
And that's when I ran into you.

Back in the day we were celebrating the moon dive
They keep on going.
Back in the day we had it made
And that's when I ran into you.
All I want is you.
All I want is..
