There are days that take too long
It's those days I wish I had you right here in my arms

I'm getting lonely
I'm sick of waiting here for you
I'm getting lonely
Please come home 'cause I want to be with you
Or maybe, I'm a fool

Baby, you still drive me crazy
Nothing's going to change me
So you don't have to cry

Maybe I should take the blame
I guess the music man is no shelter from the rain

I'm getting lonely
I'm sick of waiting here for you
I'm getting lonely
Please come home 'cause I want to be with you
Or maybe, I'm a fool

Baby, you still drive me crazy
Nothing's going to change me
So you don't have to cry

Oh, yeah, I said, baby, you know that you save me
Your love's so amazing
You're never off my mind, alright, come on now, yeah

Nothing's going on, I've been gone for way too long
I'll be here right back in your arms, don't be afraid

I'm getting closer
I'm making my way back home to you
I'm getting closer
I can see your face and the light keeps shining
through
And baby, what am I to do?

Baby, you still drive me crazy
Nothing's going to change me

So you don't have to cry, no, no, no

I said, baby, you know that you save me
Your love's so amazing
You're never off my mind

Oh, I said, nothing's going on, I've been gone for way
to long
I'll be here right back in your arms, don't be afraid
