Yeah
Alright

The curse of deception it's urgent
We're self sufficient but blinded
Time to create tormented butterfly
So instrumental it seems, oh
Deadlines commitments drink the caffeine
You don't mind me, I'm sick from drugs
Blew through your love just like a hurricane
Eight ball, insinuates love

We're coming round the bend again
You know, you wanna tell your friends
Yeah, you wanna know that
Your mind, your love
The pictures and the colors are coolin'
Your mind, your love
Now, don't you feel the movement it's soothin'

That girl behind you has got the cocaine
She hasn't felt good in years, Lord
I can't wait to find what I'm lookin' for, yea
I know it's got to be here
Dog faced complexion in through the out door
Don't mind me, I'm just undone
Long lines expectin' me to drink to standard
It's just enough to stop me from shakin'

We're coming round the bend again
You know, you wanna tell your friends
Yeah, you wanna know that
Your mind, your love
The pictures and the colors are coolin'
Your mind, your love
Now, don't you feel the movement it's soothin'

Drink the water
(Drink the water)
Drink the water
(Drink the water)
Drink the water

(Drink the water)
Everybody, c'mon yea

We're coming round the bend again
You know, you wanna tell your friends
Yeah, you wanna know that
Your mind, your love
The pictures and the colors are coolin'
Your mind, your love
Now, don't you feel the movement it's soothin'
Your mind, your love
The pictures and the colors are coolin'
Your mind, your love
Now, don't you feel the movement it's soothin'

Your mind, your love
Your mind, your love
Your mind, your love
Your mind, your love
Your mind, love
Mind, love
Mind, love
Mind, love
