Let it be tonight
I can't wait till tomorrow
Watching time go by
Watching me grow weary

Of the feeling that you're
Never gonna tell him
You don't love him or do you
I wonder where your
Heart will take you
Hoping that it never breaks you

[CHORUS]
Where will your heart
Where will your heart
Where will your heart take you

Don't keep it all to yourself
You won't know wether you're
Coming or going, oh, darling
I wonder if you know it's showing
You don't know where your
Heart will take you

[Repeat CHORUS]

My friends don't think it's cool
They tell me you said I'm easy
Thinking maybe that's true
Something you do must please me

When you tell me
I'm the one you want to run to
I believe you and I want to
I wonder where your
Heart will take you

[Repeat CHORUS 5x to fade]
