She was their kind of lady...

times were hard...whoa...

she could come curling around you...like fingers....

Chorus:

But she'll leave you...cryin' in the night..

she will leave you...cryin' in the night...

Whoa...she's gonna leave you...cryin' in the night

She's back in town...and she's lookin' around.....

Say you needed someone to depend on

you're all alone...she's the only one

who could take you far away...take your breath away...

Repeat Chorus

Come on, baby she's the wrong kind of girl...

She's a "come-on" lady, she's a tarnished pearl...

she'll take your money and she'll wreck your
world...wreck your world

She's a "come-on" lady.....come on, girl....

Oh...come on...girl.....

Oh....come on.....girl....she's back.....

and she's lookin' around.....

yeah, she's lookin' around...

she's lookin' around....
