So many different kinds of people  
Trying to be the same  
"No way baby", he said "Baby, baby, there's no way....."  
If we could start again  
Well, who knows....-have we really changed?  
Some say we have...reflecting our past...who can say?  
Who can say?  
Races are run  
Some people win  
Some people always have to lose - oh.....  
Tell me I'm wrong  
I can't believe you  
We tried a thousand times before  
Rained on reasons kept us believin'...that there might  
still be more....  
Races are run  
Some people win  
Some people always have to lose...oh.....
