It's a dirty, filthy job, but it's gotta be done,
There's a battle going on; it's gotta be won
I'm a million miles from home in a foreign place
The battle ground this time you see is outer space

I'm the defender
A mutant ender
I'm the defender
A mind-bender

I'll defend this day to the end
I'm the captain of this ship it's men

There's a lander up ahead, now he's going down
Now I'm chasing the Vader around and around
Here comes the bomb and this is my chance
To fire the laser and watch him dance!

I'm the defender
A mutant ender
I'm the defender
A mind-bender

I'll defend this day to the end
I'm the captain of this ship and its men

I'm the defender
A mutant ender
I'm the defender
A mind-bender

I'll defend this day to the end
I'm the captain of the ship and its men

A pilot is appeared at the top of the screen
Their the hardest to get, if you know what I mean
I missing the hit, now he's fading away
I've done all I can, at least for today

I'm the defender
A mutant ender

I'm the defender
A mind-bender

I'll defend this day to the end
I'm the captain of the ship and its men

I'm the defender
A mutant ender
I'm the defender
A mind bender

I'm the defender
A mutant ender
I'm the defender
A mind bender

I'm the defender
A mutant ender
