House on a Hill (Aaron Neville)

Tired of livin in a room without curtains  
Tired of sleepin on the floor without a bed  
Said if I can't have the good things in life  
You know I might as well be dead

I want a house on a hill  
Chorus Tell me wouldn't that be a thrill  
A Cadillac and a pool  
Now wouldn't that be cool

Tired of wearin them poor mans shoes  
And punchin the clock everyday  
I'm gonna buy myself a ticket on a choo choo train  
I'm gonna make my get away

Chorus  
Now I got a woman. Says she's crazy about me  
That's why she's with me every morning, yall  
About half past three  
She says come on get up, and get on out the door  
Because today is only Wednesday and ya got  
Thursday, Friday to go

Chorus Intro x4 with lead

Here comes my boss, All up in my face  
He says you know. You better do a good job  
Cause you can be replaced

Well lord and I gotta take it  
Because the money I need  
Because I got you to cry on  
And four lil mouths to feed

Chorus x2 and out
