With her mind far away from mine
She's mostly sincere, most of the time, yeah

That's the way she loves, that's the way she loves
That's the way she loves
That's the way she loves
That's the way she loves, that's the way she loves
That's the way she loves

With her strong desire to please
Oppression to her is like a disease, yeah

That's the way she loves, that's the way she loves
That's the way she loves
That's the way she loves
That's the way she loves, that's the way she loves
That's the way she loves

Many times when she's alone
She dreams and dreams and dreams
Dreamin' of a perfect love
That never was and never be

With her heart placed in her hand
She will go to the end and back if she can for me, yeah

That's the way she loves, that's the way she loves
That's the way she loves
That's the way she loves
That's the way she loves, that's the way she loves
That's the way she loves

That's the way she loves, that's the way she loves
That's the way she loves
That's the way she loves
That's the way she loves, that's the way she loves
That's the way she loves

That's the way she loves, that's the way she loves
That's the way she loves
That's the way she loves, that's the way she loves
That's the way she loves

That's the way she loves, that's the way she loves
That's the way she loves
That's the way she loves, that's the way she loves
That's the way she loves
