When something is wrong with my baby, something is
wrong with me

And if I know that she's worried, I know I'd feel the
same misery

We've been through so much together, we stand as
one, that's what makes it better

When something is wrong with my baby, something is
wrong with me

And just what she means to me now, oh, you just, you
just wouldn't understand

People can say that she's no good, but she's my
woman and I know I'm her man

And if he's got a problem, whoa, I know I gotta help him
solve them

When something is wrong with my baby, something is
wrong with me

When something is wrong with my baby, something is
wrong with my baby

When something is wrong with my baby, something is
wrong with me
