I'm changing my mind
Never gonna learn about how to feel again
'Cause you, you've opened my heart
And I just can't hide, I love you still

I know you mean it, when you say you need me
You say you won't leave me, you'll always be here
You won't regret it, 'cause I'll never leave you
And I won't deceive you, I need you too

Yes, I love you, I love you
I love you, I love you
Yes, I love you, I love you
I love you, oh I do, girl I love you

We belong together
Loving forever, enjoying this life
We'll do what's right, we'll do it tonight
Will you be my wife?

I know you mean it, when you say you need me
Won't ever leave me, saying you'll be right here my
baby
You won't regret it, no, don't you forget it
I'll never deceive you, I need you too

I love you, I love you
I love you, I love you
Yes, I love you
I, yeah, I love you

Forgive me for what I've put you through
I'm learning to put my trust in you
Believe in me and I'll show you
'Cause I'll always be here

I love you, I love you baby
Oh, I love you baby

I yeah yeah
I love, I love, I love, I love you
I love you

From the bottom of my heart, girl

I, I love you, I love you, love you
I love you, love you
I love you, love you
I love you

I love you, love you
I love you
Oh believe me, darling
Oh believe me, believe me darling
I yeah, love you, I love you, baby
