### "Castles So High"

Visit "[Castles So High](#)" on MotoLyrics.com

Fairy tale castles with beautiful flags  
Flying higher than you've ever seen  
Just imagine all of the things you can see  
Maybe even a king or a queen

Castles so high up to the sky  
I know that I would love to go there  
Castles so high up to the sky  
Wouldn't you love to go, too?

Magical places and musical things  
Big surprises and so much more  
We can ride a horse having fun, of course  
An adventure like never before

Castles so high up to the sky  
I know that I would love to go there  
Castles so high up to the sky  
Wouldn't you love to go, too?  
Wouldn't you love to go, too?
