I've bowed out from this, can I say I'm sick
And now it's time for me to stand up and make you
hear me
This world you rob innocence, you never gave us a
chance
We were born believing you had all the answers for me

Look out, you will find out
That here I am so far from them so

I take my chances
'Cause I don't live for you
And I'll say what I have to
So, who cares, who cares, who cares of what I do

If we don't speak, who will?
If we don't fight, we're still
Stuck without a voice
And we are tired of being silenced

Look out, you will find out
That here I am so far from them so

I take my chances
'Cause I don't live for you
And I'll say what I have to
So, who cares, who cares, who cares of what I do

We are set apart
We've been chosen now
We are children of the God
So what holds us back?
What's holding us back? Yeah

So, I take my chances
'Cause I don't live for you
And I'll say what I have to
So, who cares, who cares, who cares of what I do
