I must say I feel a little better  
she ran away I can't complain  
can't be wrong.....  
I can't be wrong

Verse:

And every time that you walk from me  
You don't know what your doing to me  
I can't take it now you can't fake it  
And if I turn and your my way now  
Since the first time that you ever left me  
All the trust went out the door with you  
Now you wonder why you can't come home  
While your out there out there on your own

Chorus:

It's been along time comin' what we're going through  
today  
There's been a whole lot happenin' every since you ran  
away  
I can't be wrong, wrong again  
I can't be wrong, wrong again  
I can't be wrong...  
Oh I can't be wrong

And every sign that you try to show me  
I ignored and acted like you loved me

There's a no future with us and I know it  
I can't help it if you just don't see it now  
I've been tryin' way to long  
Tryin' to give you everything you want  
Now you're wonderin' what's going on  
Why you're not gettin' what you want

Chorus:

It's been along time comin' what we're going through  
today  
There's been a whole lot happenin' every since you ran  
away  
I can't be wrong wrong again I can't be wrong wrong  
again

I can't be wrong... oh I can't be wrong.....  
I can't be wrong.  
Oh I can't be wrong

It's been along time comin' what we're going through  
today  
There's been a whole lot happenin' every since you ran  
away  
I can't be wrong...wrong again  
I can't be wrong wrong again

I must say I feel a little better  
She ran away I can't complain
