I'm brekin' rock in the hot sun
I found the law and the law , won
I found the law and the law , won
I needed money 'cause I had none
I found the law and the law , won
I found the law and the law , won
I left my baby and feel so bad
I guess my base is run
But she's a best friend I ever had
I found the law and the law , won
I found the law and the law , won
Robbin' people with the six gun
I found the law and the law , won
I found the law and the law , won
I miss my baby and I'm just a bum
I found the law and the law , won
I found the law and the law , won
