Love  
many people  
take it for a game  
love is strange  
you're in an awful fix  
once you've had it  
you never want to quit  
'cos when you've had it  
many people  
they think love

they don't understand  
is money in their hand  
but your sweet love  
and when you leave me  
is better than a kiss  
those kisses I will miss

Love, mmmm  
many people, mmmm  
love is strange

take it for a game  
once you've had it, mmmm  
you're in an awful fix  
'cos when you've had it  
many people, mmmm

you never want to quit  
they don't understand  
is money in their hand  
they think love, mmmm  
but your sweet loving, mmmm  
is better than a kiss  
and when you leave me, mmmm  
those kisses I will miss

those kisses I will miss  
those kisses I will miss
