Oh the 12 Elan goes bang, bang, bang
Oh the 12 Elan goes Bump!
Oh the 12 Elan goes tumpity, tumpity.
But most times she goes clunk!

Snowmobiles are made, in many sizes and colours too
Bombardier's Elan is best it's a twelve horsepower
skidoo
Mine cost six hundred dollars, in 1982
It's easy to fix, parts are cheap and doesn't burn much
fuel!

Oh the 12 Elan goes bang, bang, bang. Oh the 12 Elan
goes Bump!
Oh the 12 Elan goes tumpity, tumpity. B'fang, b'fang,
habber d' habber.
But most times she goes clunk!

Her hood is stitched with wire, and her windshield is
tied on,
Her spark plug runs on the lighting coil, she's wired up
all wrong!
I taped a flashlight on her hood because he headlight's
gone
And the muffler bolts are all stripped out, and the track
is stretched too long!

Oh the 12 Elan goes bang, bang, bang. Oh the 12 Elan
goes Bump!
Oh the 12 Elan goes tumpity, tumpity. B'fang, b'fang,
habber d' habber.
Toppity bim, toppity bim, topp topp topp. But most
times she goes clunk!

She's welded, bolted, grinded, modified and changed
Scarce a thing that's on her is original or the same,
Her 12 horsepower motor's got new bearings seals and
rings,
And her bogey wheel suspension got at least three
brand new springs.

Oh the 12 Elan goes bang, bang, bang. Oh the 12 Elan

goes Bump!

Oh the 12 Elan goes tumpity, tumpity. B'fang, b'fang,
habber d' habber.

Toppity bim, toppity bim, topp topp topp. T't't'tump,
t't't'tump

But most times she goes clunk!

I use her getting firewood, she'd haul some awful
loads,

And when them big machines bog down she gives
them all a tow

I can lift her, she don't need reverse, there's no place
she can't go!

She's been shot mistaken for a moose because she
was so slow,

Oh the 12 Elan goes bang, bang, bang. Oh the 12 Elan
goes Bump!

Oh the 12 Elan goes tumpity, tumpity. B'fang, b'fang,
habber d' habber.

Toppity bim, toppity bim, topp topp topp. T't't'tump,
t't't'tump

Bzzzzzzz cough cough cough! But most times she
goes clunk!

So I brought her down for a trade in, on a big new sleek
skidoo

AAn even swap" I told them, Amy old one for your
new",

They said ten thousand dollars, say's I Ab'ys have a
clue!"

AYou'll have to offer more than that for the 12 ELAN
Skidoo"

Oh the 12 Elan goes bang, bang, bang. Oh the 12 Elan
goes Bump!

Oh the 12 Elan goes tumpity, tumpity. B'fang, b'fang,
habber d' habber.

Toppity bim, toppity bim, topp topp topp. T't't'tump,
t't't'tump

Bzzzzzzz cough cough cough! Ging ga ging ga, ging,
ging...

All: But most times she goes... Ninety mile and hour -
ya right!
