

Bugs In Amber "Intermission Test"

Somehow happy to stay
Where there's unwanted
Emotional boundary state
Hardships applauded
Ignorant simple advice free but misled me
I can see you built up a wall assure I wasn't there

You've got some exceptional force field of emotion
And concrete value on your pleasure
Breathe your hesitations of breath don't let'em linger

Oxidated visions fester
La la la la

Intermission test to unglue
Gotta get back or I'm screwed
Time limits take away from me willingness to go
Maybe I'll just drink one beer
Casting down complaints of fear
Broken bones I've had in years
Bringing me some pain
