"If I Lived Under the Sea"

If I lived under the sea, sea, sea,
I think it would be neat as it could be, be, be.
I could visit all the fish,
Anytime I wish,
If I lived under the sea.

I could ride on the tail,
Of a great big whale
Wow! that would be great!
I could count the legs
On an octopus,
1-2-3-4-5-6-7-8!

If I lived under the sea, sea, sea,
I think it would be neat as it could be, be, be.
I could visit all the fish,
Anytime I wish,
If I lived under the sea.
It would be so new,
To watch a tuna,
Talking to an itty bitty snail!
Or to see the pretty fin,
On the back of a fish,
Who carries his very own sail!

If I lived under the sea, sea, sea,
I think it would be neat as it could be, be, be.
I could visit all the fish,
Anytime I wish,
If I lived under the sea.

I could visit all the fish,
Anytime I wish,
If I lived under,
If I lived under,
If I lived under the sea.
