Just imagine, just imagine
Just imagine all the things that we could be
Imagine all the places we could go and see
Imagination's fun for you and me

We could go to the moon in a great big boat
Build a castle by playing 'Pretend'
We might even explore with the big dinosaur
Or make rainbows that never end

Just imagine, just imagine
Just imagine all the things that we could be
Imagine all the places we could go and see
Imagination's fun for you and me

We can go anywhere, we can be anyone
We can do it quite easily too
We just play 'Let's Pretend'
And we know in the end that it's so much fun to do

Just imagine, just imagine
Just imagine all the things that we could be
Imagine all the places we could go and see
Imagination's fun for you and me
Imagination's fun for you and me
