simple and beautiful a rainbow  
pretty for the eyes to see  
there's red, orange and yellow, green, blue and purple  
and it's curved like this you see  
somebody told that a rainbow has a pot of gold at the  
end  
I don't really know is that so  
but it's kinda fun to pretend

(barney)  
now if you look real close at these paintings and use  
your imagination i think you'll see that pot of gold

simple and beautiful a rainbow  
pretty for the eyes to see  
there's red, orange and yellow, green, blue and purple  
and it's curved like this you see  
somebody told that a rainbow has a pot of gold at the  
end  
I don't really know is that so  
but it's kinda fun to pretend  
It was made for you and me
