Sometimes we are real close friends
we stay up late and talk at night
othertimes we dont get along
there are even times we fight
But i know shes always there
and i know she will always care
Shes mi sister
I love my sister
ive given her a great big hug
when she was feeling bad
then again i have said some things
that have really made her mad
But i know shes always there
and i know she will always care
Shes mi sister
I love my sister
But i know shes always there
and i know she will always care
Shes mi sister
I love my sister
Shes mi sister
I love my sister
