No sleep tonight
Without a fight
Who's wrong, Who's right?
No sleep

My eyes are only half open
I give more than I can
And it feels
There's always more at stake
Than the argument at hand

Stay awake for the altercation

No sleep tonight
Without a fight
Who's wrong, Who's right?
No sleep tonight

My head just swims around your words
All day and it won't get sleep
And I resent all that we've become
You're a habit I can't keep

Cause it's too late
For an alteration

And the tears
Or the black lines on your face
Are just like my own
And the flower
The flowers start to fade
Cause they're dead like we are
