There's been many others  
Trying to blow my cover  
Exposing faces I... I tried to hide

Take the longest road  
Our choices have become torn  
Tell us what we yearn to hear

Go west  
You'll find your way  
Tomorrow's a new day  
We'll follow this path  
To discover what's best  
Don't look back towards the east

My only request  
Is to find the strength  
Traveling within me  
Expect my desires  
To fuel my fires

Meet yourself in every town  
A boy to man but still lost not found

Come forth oh weary traveler  
All will become clear  
Let the voice define the man  
Another chance for us plan  
To understand

Go west  
You'll find your way  
Tomorrow's a new day  
We'll follow this path  
To discover what's best  
Don't look back towards the east

As the far as, the east is  
To the west we're going  
As the far as, the east is  
To the west we're going
