Sitting at the railway station waiting for my girl to come
reading books about intimidation and if she does will
she be dumb will she break my heart or really smart I
knew I'd find a nice girl someday and wad it up and
throw it in my face find a nice girl settle down someone
I don't have to talk to someone I can talk to and take it
all away sitting at the bus station someone who'll
gimme time and gimme space reading books about
legislation and she's not even dumb suddenly my girl
comes in fact she's kinda smart will she break my heart
I knew I'd find a nice girl someday and wad it up and
throw it in my face settle down sind a nice girl someone
I don't have to talk to someone I can talk to someone
who'll gimme time and gimme space and take it all
away and still I'm waiting for my girl to come actually
I've never even been to a railroad station even though I
used to live near one and if she does will she be dumb
or really smart will she break my heart and wad it up
and throw it in my face wad it up and throw it in my
face I knew I'd find a nice girl someday find a nice girl
settle down someone I don't have to talk to someone I
can talk to someone I can talk to someone I can talk to
someone I don't have to talk to someone I can talk to
someone I don't have to talk to someone I can talk to
someone I don't have to talk to someone I don't have to
talk to someone I can talk to
