The seekers are
Trying to make weaker
But fighting this battle is
Taking me deeper
So much deeper

The rain set early in the night
The winds will change
Displaying the light

Give us a chance
Since there's a question
It might as well be answered too
There's so much left to say

So when you find this journey hard
They'll be there to play the part
Watch as I stand alone
So when you find this journey hard
They'll be there to play the part
Watch as I stand alone

We lead into a line
Describing traces of feelings
But they recite themselves
They recite themselves
Insubstantial for

We go seeking a city
A city that we'll never find.
Backed up in places
Deep within our minds

So when you find this journey hard
They'll be there to play the part
Watch as I stand alone
So when you find this journey hard
They'll be there to play the part
Watch as I stand alone

Our bodies are pastures to our eyes
They couldn't confide

So tranquil are the nights
Lonely are the days
(Lonely are the days)
In so many ways

So when you find this journey hard
I'll be there to play the part
Watch as I stand alone

If there's something more (So when you find this
journey hard)
I can't put my finger on it (I'll be there to play the part)
Please tell me why (Watch as I stand alone)
Oh these bright lights

(These bright lights)So when you find this journey hard
I'll be there to play the part (These bright lights)
Watch as I stand alone with these bright lights
