I've got nothing left to say. Even though you watch me suffer. All these years I've done my best. And still you say I've let you down. Between the lines. I see the truth you hide. (x2) What did you say it's my fault that we failed. But I wasn't given the chance. I know in my heart, that it's over. If I did it again, I would try harder. Between the lines. I see the truth you hide. (x2) Can you see my suffering through your eyes. (x2) Between the lines, my suffering. I've seen the truth. All these years just wasting away. Between the lines.
