It spreads like a disease. No heart in what you believe.  
No respect for your self. No respect for anyone else.  
You live your life in a hole. Filled with despair. A  
damaged soul. Why don't you try to help yourself.  
Because your going down with no help. You have no  
strength, it's taken control. The craving burns and it's  
taken it's toll. Destroy yourself but don't take me down.  
(x2) Why don't you take control. And realize your  
mistakes. Admit that you were wrong. And get your life  
straight. You destroy yourself and everyone around.  
Your life is shit and your going down. You have no  
strength, it's taken control. The craving burns and it's  
taken it's toll. Destroy yourself but don't take me down.  
(x2) Why don't you take control. And realize your  
mistakes. Admit that you were wrong. And get your life  
straight. You destroy yourself and everyone around.  
Your life is shit and your going down.
