I've been thrown down
Into the fiery gulf,
I'm still lying here
In this furnace flamed
I was a shining angel
Now a raging dog,
(I've) lost the light of heaven
And gained the ever burning hell

Living is freedom
I don't need your light
And scorning your love
I'm feeling all right
Don't care what I do,
I'm living the eternal fight

Raised myself up
From this burning lake of hell
Gonna plan the best revenge
Reach the earth, deceive the men
Lust, pride, hate and sex
Join these ways and live to win
Bring out the fall of Adam (by)
The tree of knowledge's mortal sin

Look his mighty stature
On each hand the flames,
He's the great rebellious
The prince of the Earth.
On the right the demons
On the left we stand
That's really good place
Yeah! We will remain
