Betrayed one more time,
But somewhere down that line
You're gonna get what's coming to you

Look at me now,
Look at me now,
Look at me now!

Pull the knife from my back,
Soon I'm the one that's on attack,
Can't wait to return the favour

Look at me now,
Look at me now,
Look at me now!

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above
me!)
But now I'm here to end this
Four words to choke upon!

Look at me now!

Look at me now
(Look at me now!!!)
Look at me now

Betrayed one more time,
But somewhere down that line
You're gonna get what's coming to you

Look at me now,
Look at me now,
Look at me now!

Pull the knife from my back,
To leave the one inside intact

Can't wait to return the favour

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above
me!)
But now I'm here to end this
Four words to choke upon!

Look! (Look!)
At, me... now!

[Guitar solo]

Too many times I've seen it,
Rip a hole into our friendship
Four words to choke upon!

Too many times I've seen it,
Rip a hole into our friendship
This is how it's been, how it always will be

You think you're above me (You think you're above
me!)
But now I'm here to end this

Four words to choke upon!
Look! (Look!)
At, me... NOW!
