Now is your time to die
We've gathered here to say goodbye
No more you'll cry
No reason left for you to fight
Feel pain no more
Emotions never felt before
Where do we go, we go, she'll never know!

Holding on to you,
To keep from falling
Your eyes are closing now,
Another chapter's ending

Hard times we always saw
There's nothing left of you no more
Fear has no place, (no place)
Cover her face

Holding on to you,
To keep from falling
Your eyes are closing now
Another chapter's ending
This is our last goodbye (goodbye)
This is our time tonight

[Guitar solo]

Holding on to you!

(Holding on to you)
(Cover over-her face)

Holding on to you
To keep from falling!

Holding on to you
To keep from falling
Your eyes are closing now
Another chapter's ending
This is our last goodbye (goodbye)
This is our time tonight (goodbye)

This is our last goodbye!
