You choose your own way  
Deciding to leave  
Great and pure musician  
You've never been corrupted  
You played what you liked  
No looking for success  
You played your best  
And we won't forget your

WILLFUL DEATH  
Not to be condemned

You gave the name to the band  
And now we play for you  
Maybe you won't listen  
The song dedicated to (you)  
But the most important fact  
Is that your spirit lives  
I know there was nothing to do  
That's why we will respect you

WILLFUL DEATH  
We'll remember

Proud of your life, noble defy  
You didn't fear your end  
You didn't care, you will survive  
You'll be the guide of your band

Knight of death  
You won't return  
Shut in your room  
You died

Under the ground you don't hear the sound  
Of people crying for you  
They shouldn't cry, they shouldn't weep  
Cause you have decided to be

Knight of death  
You'll be recalled  
Don't forget

Your band
