He tried to say  
As he wiped his eyes  
He'd hoped to never see this day  
When all we have  
Is the smoking ash  
The sad remains of old L.A.  
And then he smiled  
And said you listen boy  
There's only so much you can do  
You've got to put aside  
What's been going wrong  
And just sing a song -- Sing a song  
,,, And he walked away, yeah  
I ran alone through a town gone mad  
Never felt so good about the load I had to bear  
More than just my city's burned  
But someday soon we'd better learn  
To take the pain and not despair  
But don't you try (Don't you try)  
To understand it  
Oh, you won't live that long (Live that long)  
But when you try  
To undertake it  
Go on and sing a song  
Sing a song for the whole world

Sing a song for you and me (Sing a song for you and me)  
Sing a song for the whole world (Oh won't you sing it to me, yeah)  
Go on ... Sing a song  
Sing a song for the whole world  
Sing a song for you and me (Oh, sing a song)  
Sing a song for the whole world (Ooh)  
Go on ... Sing a song  
Sing a song for the whole world (Oh won't you sing me)  
Sing a song for you and me (Sing a song)  
Sing a song for the whole world (Whoo-oh!)  
Go on ... Sing a song  
Sing a song for the whole world  
Sing a song for you and me (Sing a song)

Sing a song for the whole world (Whoo-oh!)  
Go on ... Sing a song  
Sing a song for the whole world  
Sing a song for you and me (Sing a song)  
Sing a song for the whole world (Whoo-oh!)  
Go on ... Sing a song
