(Verse 1)

Oh heaven help me from falling voices calling  
From my sick, simple mind..  
Cause all the signs point towards suffering  
These plaques just take a toll on me  
And they're all in line to see

(Chorus 1)

Just hold on to me somehow  
I am aware now we've fallen down  
Just stay strong  
We will make it through, all I need is you to stay

(Verse 2)

A crucial line, which we have crossed to  
Bring us close or push you away from me  
Just one last night with words of how my  
Brown eyes only lied

(Chorus 2)

So let go of me right now

I can't explain how but I'm on my way out  
You were waiting for our time to end  
To break me down and leave me here to beg  
I will not beg for this anymore

(Bridge)

Let it rain to mask our faces  
Though I know its far from ok again  
But in time things fall into place again  
But for now I choose to finally say to you

(Chorus 3)

Just hold on to me somehow  
I am aware now we've fallen down  
Just stay strong,  
We will make it through, all I need is you to stay  
With me, I will not beg for this anymore

(End)

So please make me beg
