(Verse 1)

I won't look down
How in hell did I get here
Its over now
Falling threw the atmosphere
I'm looking back
At all the different things I had
Can't change the fact
I've sealed my fate its iron clad

(Pre Chorus)

I don't believe it now
But there is no way out
Whatever happen to my heavenly answer

(Chorus)

I won't look down
Cause I'm leaning over
Its a long way down and there's no way out
I'm such a waste stop now
Cause its already over
When the ledge runs out I will hit the ground

And throw it away

(Verse 2)

Where should I start
Maybe when things fell apart
This choice I made
Ended piercing threw my heart
Though once adored
Things I had they felt ignored
So hard to be
Feeling close but yet so torn

(Pre Chorus)

(Chorus)

(Refrain)

Stop now, cause its already over
Its a long way down, and there's no way out
When the ledge runs out I will hit the ground

Whatever happen to my heavenly answer
