(Verse 1)

In and out of a waking dream you'll find me here,  
Waiting to begin  
Attention span of a door knob though  
I'll remember when,  
You turn me once again

(Pre chorus)

Nothing ever comes in my search for something  
So I'll spend my life just waiting for nothing  
(Its hard to stop, so ready or not) rep x2  
Somethings gotta give in my search for nothing  
So ready or not here are the words that are coming

(Chorus)

We're so close, but so far  
Lookin back this never seemed so hard  
But we are, what we are  
This is a wakeup call

So stay strong and hold on  
We can only take it for so long  
Just stand up and stand tall  
This is a wakeup call

(Verse 2)

Just like a time bomb looks quite so dull  
To an untrained eye  
I'm burning a fuse within,  
The clock is ticking as time counts down  
To alarm you when, my head begins to spin

(Pre Chorus)

(Chorus)

(Bridge)

Just give me a sign  
And show me the way  
Please let me stay  
Just one more day  
So stand up and stand tall  
This is a wakeup call

(Chorus)  
(End/Refrain)
