Bang Bang Bang go ahead and pull the trigger  
1-2-3 Gun powder, so bitter  
Bang Bang Bang go ahead and pull the trigger  
1-2-3-4 go ahead and blow me away

Waste me out of my misery  
Brains, Brains, splatter all over  
Spare all over  
Taste me, I don't taste anything  
Brains, Brains, do it all again  
If I make you so suffocating  
Hold ur breath before I take it

Bang Bang Bang go ahead and pull the trigger  
1-2-3 Gun powder, so bitter  
Bang Bang Bang go ahead and pull the trigger  
1-2-3-4 go ahead and blow me away

It's sick insanity

These voices sing inside me  
It's sick insanity  
Bang bang bang go ahead and blow me away

Bang Bang Bang go ahead and pull the trigger  
1-2-3 Gun powder, so bitter  
Bang Bang Bang go ahead and pull the trigger  
1-2-3-4 go ahead and blow me away

Bang Bang Bang go ahead and pull the trigger  
1-2-3 Gun powder, so bitter  
Bang Bang Bang go ahead and pull the trigger  
1-2-3-4 go ahead and blow me away

It's sick insanity  
These voices sing inside me  
Bang Bang Bang go ahead and pull the trigger  
1-2-3-4 go ahead and blow me away
