I am liar, yeah.  
And I'm a Theif  
If the world should crumble down around you  
Follow me.

We stand alone  
In a fallen world, without shelter  
We stand alone  
While your tears are falling  
I have fallen, now

I surrender to everything  
The past is time, that you have broken  
(you have broken me)

I am alone and theres nothing  
that will ever change me.  
I am alone. Its you I follow  
And now Im fallen.

Ive been waiting for along time  
(Ive been waiting for a while)  
Ive been waiting all alone  
(Ive been waiting)

Looking for excuses to hold on  
Yeah, {cant make out the rest}  
Fighting for your life

Today,  
I count my dreams on one hand  
I hold the past in the other.  
This fight is never over-whelming me  
A place to fall

Ive been waiting for along time  
(Ive been waiting for a while)  
Ive been waiting all alone  
(Ive been waiting)

Looking for excuses to hold on  
Yeah, {cant make out the rest}

Fighting for your life x3  
Fighting for my life.  
Woah yeah!
