Beyond the blind, vindictive suicide
Cast your shadow on my back if it clears your mind
In blood and wine, left me in never mind
Beyond a victim, you're a vampire
In violent crimes
Time reveals our dirty destiny
"Whoa is me" is such a tragedy
So do us a favor get out the gun

You're falling down
I stand my ground
So whatever nothing lasts forever you'll find out
Here and now I take my vow
I'll never stand under the gun you hold so proud
Remember I will be the one, be the one

Protest and claim get out and turn away
Take my hand or lay the blame you know it's so
frustrating
I'm fearless and serious
Remain the writing on the wall and yeah, you're on my
list
Take me on and take it out on me
Back into your world of make believe
So, savor the flavor
Soon I'll be gone

You're falling down
I stand my ground
So whatever nothing lasts forever you'll find out
Here and now I take my vow
I'll never stand under the gun you hold so proud
Remember I will be the one, be the one

Take me for granted
Take me for granted for the last time, this one last time

You're falling down
I stand my ground
So whatever nothing lasts forever you'll find out
Here and now I stand my ground
So whatever nothing lasts forever you'll find out

Take me for granted this last time, this one last time
