Jump on in let the party begin  
It starts with me and you today  
It's like you're hitting full throttle  
When you're swigging on the bottle  
Need a chance just to get away  
You'd have to tie me down to keep me in this town  
The streets are torn the sky's are gray  
Because it's all or none  
And we started this for fun  
And couldn't be a better way  
So lets get this story told before I'm old

So let the good times roll  
And it's out of control  
And hope you live to see the day  
Your memories exceeded your dreams  
And this all the price you pay  
Another one night stand  
And a rock n' roll band  
That's how we want to live  
This ain't no dress rehearsal man  
FUCK YOUR RULES  
Now that's two shits I couldn't give  
So lets get this story told before I'm old

In over my head  
Get out of my mind  
Trying hard not to be left behind  
In over my head  
Get out of my mind  
Trying hard not to be left behind

Get out of my head
