Here I am again, its impossible.
With this feeling this feeling well..
Well Its horrible.

Cause your here and there and everywhere.
And I'm here and there and, in between.

Have i been the sin of everyone?
Has my timing come?
Hell it's just begun

Cause your here and there and everywhere.
And I'm here and there and, in between.

And I know, it would be all this time, all this time, we've
spent I know
It would be all this time alone.

And I know, it would be all this time, all this time, we've
spent I know
It would be all this time alone..
All this time alone..

Here i am again,
Is it possible?
Oh its been so long.
Seems so beautiful.

Cause your here and there and everywhere.
And I'm here and there and, in between.

And I know, it would be all this time, all this time, we've
spent I know
It would be all this time alone.

And I know, it would be all this time, all this time, we've
spent I know
It would be all this time alone..
All this time alone..

Yeah, all this time alone..

Cause your here, and your there, and your
everywhere..
And I'm here and I'm there and I'm, in between..
Well I'm here and I'm there and I'm everywhere..

And I know, it would be all this time, all this time, we've
spent I know
It would be all this time alone.

And I know, it would be all this time, all this time, we've
spent I know
It would be all this time alone..
All this time alone.

Yeah, all this time alone..
Yeah, yeah, all this time alone..
