Look in my eyes... they tell a little story
i could never tell

well she, she dont know what i could never mention
the things i do when shes sleeping soundly
well she, she dont know aint gonna fuck with you..
sweet little dreams my darling
sweet little dreams tonight

look in my eyes i got no fucking answers
sweet little dreams my darling
sweet little dreams tonight
all tucked away
it seems im never sleeping
sweet little dreams my darling
sweet little dreams tonight

i cant keep you safe from anything but

look in my eyes
sweet little dreams my darling
sweet little dreams tonight
it seems im never sleeping
sweet little dreams my darling
sweet little dreams tonight
