My gal gon' sail  
To some foreign distant land  
My gal gon' sail  
To some foreign distant land

An' I'm gon' be  
Some other woman's man

Said on, sail on, little girl, sail on  
Go on, sail on, little girl, sail on  
You gon' keep on sailin'  
Till you lose yo' happy home

When that mean old train  
Carried my gal away, befo'  
When that mean old train  
Carried my gal away, befo'

I was young and wild  
People, I didn't know

I could change my mind  
And love somebody else  
I could change my mind  
And love somebody else

I lived in misery  
But I brought it on, myself

But I'm so glad  
I don't feel that way, no mo'  
But I'm so glad  
I don't feel that way, no mo'

If she can stand to leave me  
I can stand to see her go
