I've Come With Water

(Chris:)

I see you walking around the playground
Like it is yours
I'm telling the other kids
That we got to stop this problem
You be so greedy on the sly
We do not think it's fair
We got our buckets
And we gonna show you some of our
Home pride!

(Both:)

I've come with water
To put out your fire
I've come with water
To put out your fire
I've come with water
To put out your fire
I've....
Come to

(Chris:)

You may be sinking in a trap
For this lie for one day
But today we're just sunshine (pickle???)
We'll be somebody's house
Batting large
Just slip it here
To rock it toooo the popping
Us kids are ready to slip the dib
So we got the water - pop it!

(Both:)

I've come with water
To put out your fire

I've come with water
To put out your fire
I've come with water
To put out your fire
I've....
Come to

(oh)

(ViLa:)

It's the water
It's the fire
It is what I want, desire
I know that I wanta you (it's the water, it's the fire)
But do you hold (I will have)
The real ideal (my one desire)
I wanta try (ohhhhhh)
You wanta find (ohhhhhh)
I know what to keep inside (ohhhhhh)
Don't you know the petals of a flower? (ohhhhhh)
That's not, my only power (ohhhhhh)
I want you and you want me (ohhhhhh)
And so we meet (ohhhhhh)
Only want you one, two three (ohhhhhh) (it's the water,
it's the fire)
(ohhhhhhhhhhh)(I will have my one desire)
(ohhhhhhhhhhhhhhhhh)
(ohhhhhhhhhhhhhhhhh)
