HEY HO LETS GO!

dressed up in your best
your ready
to hit the dance floor
tonight

flash down the spotlight
right on you
everyone knows you
this time

and so i....
cant go on

and i....
want you to know that

your cool your hot
you make me go
oh oh oh...

shes no girl for me

step back in the moonlight
let me sing
i..ll be king
oh, in this broken dream

scream out the words of the fame
coz im in too much pleasure

tonight

and so i...

and i...
want you to know that

you make me go
