Found peace in infinity  
Learned to accept my hate  
Proud of my perverse art  
Spells have taken me to hell  
Spells will now do the same  
Death was hanned out of me  
I am reborn!

Heaven taken away from me  
Same shit begins again  
Dark night pleasures me  
Hate coming over me  
Rage growing on in me  
Desire for blood now again  
I'm back again

Dark light fills my body: Dark night surrounds my soul

I am back here again  
To still my bloodthirst  
Reborn to destroy  
Human life to gain endless life

This is the butchers return  
The messenger who brings pain and endless grief

Corpses is what I want  
Brutal death for everyone  
Like a nightmare I will come  
Killing in your seious dreams  
This is what it really means  
Total death and endless grief

Destroy those who brought me up  
Opposing me with all my strength  
Against this betrayal of the laws

Only a few murders till I'm back  
In my kingdom of the damned  
I deserve this place in hell  
I'm back again
