Let's get down to brass tacks  
I am your incubus  
The demon in your life  
The pain by your side  
I am your master, only bring disaster  
I am in your mind I designate your life

Schizophrenic, distortion of thoughts  
Hallucinations, voices in my brain  
Disorder and depressions of all sense  
No self control, only perplexity

[Chorus (x2):]  
Dark desire in my feelings  
Dark emotions in my mind  
At the abyss of my being  
Broken fragments of my mind

Paranoia

Let me in your brain  
I specify your life  
The only friend you have  
Is right by your side  
Don't look at others, only look at me  
I am your god, you can do evil with me

Schizophrenic, distortion of thoughts  
Paranoia, anxiety to the world  
Sensations of fear and distrust  
A life between heaven and hell

[Chorus x2]
