I've been feeling like you ain't been happy in a while
I've been thinking of things I could do to make you smile, yeah
But when I get home and it's just the same, oh no no
Why did I find you in another man's arms, oh

Oh why, i'm not the type to play these games so
Oh I, don't ever wanna see your face again

Who is he?
Where's he from?
What does he do for you that I couldn't have done?
What's his name?
I guess you like his style
How can you tell me I've been living in denial?
I can't believe it
No, no, no
Just can't believe it
No, no, no
Who is he?

Now you got me twisted, don't know what to do
There's a war in my mind and I know who's gonna lose, yeah
I can't believe all that work only to see her, oh no, no
Just to find out you're a straight-up deceiver with a cold demeanour

You showed a difference why you lied and cheated
You stole my heart but girl you cannot keep it

Who is he?
Where's he from?
What does he do for you that I couldn't have done?
