

Buried In Verona **"The End"**

Take all of me. All I am. I don't deserve you
I watch your broken heart be rebuilt, only for me to
destroy it
You're all I ever wanted. Now look what I have become

Sacrificing all these fucking memories to gamble on
selfish self-indulgent dreams
I pave the future, it splits our past. This could be the
end
I hate to be so cold
I hate to be so cold
You know this is what I've always wanted
You know I'd do anything for this
I'd do anything
Will you be there waiting for me? Will you be there to
start again?
Will you be there in the end? I'm sorry for the tears
Forgive my self-inflicted situation.
Fuck it up...
Oh!

Take all of me. All I am. I don't deserve you
I watch your broken heart be rebuilt, only for me to
destroy it
Will you be there waiting for me? Will you be there to
start again?
Will you be there in the end? I'm sorry for the tears

I'm sorry for the tears...
I'm sorry for the tears...
I'm sorry for the tears...
I'm sorry for the tears...
I'm sorry for the tears...
I'm sorry for the tears.
