We don't expect the world to pay any favours we knew
this life held
Sacrifice; no longer leading the life we once had and
now we live with no
Regrets, no regrets!
Love that we won't give up on old ties made strong:
from the years that
Passed by. Our dream's seem so vivid now reaching
out for a taste of a new
Beginning. Sometimes I'm just holding on to all the
good times that we've
Spent, I never quite knew what they meant. Holding on.
I hold my heart to
The sun, this dream is what I've become ever closer.
Please don't wake me
Up! Tides that were set to sail on, mistakes long gone
in a life that was
Mine, this game plays a heavy hand. But no weight's
gonna stop all of us
From standing. Sometimes I'm just holding on to all the
good times that
We've spent, I never quite knew what they meant.
Holding on. I hold my
Heart to the sun, this dream is what I've become ever
closer. Please don't
Wake me up! Stepping out to the cold walking through
though uneasy, left
The shelter we all knew followed our hearts to glory.
What becomes of all
Of us? And it's all on the line, it's all on the line. We lost
all of our
Regrets, and these stars stuck in our eyes, these stars
stuck in our eyes.
We'll break you're arms if you try to push us! You bite
you're tongue,
Slash your eyes and hold on!
